A New Year has arrived

2009 has passed and 2010 has arrived. The Cape Lancia club would like to wish everyone a healthy, happy and prosperous New Year filled with Exciting and enjoyable Lancia events.

December 2009 Braai

One of the largest club get-togethers in many months took place on the 12th of December 2009 at the Lancia Stable. Over 40 members turned up to partake in a picnic and braai held on the slopes of the Tokai mountains. Beautiful weather ensured that everyone had a good time. The workshop was open and some members took advantage of putting their cars

up on the lift to inspect what is normally hidden from view.

Dave Lyons arrived with his newly acquired Delta Integrale. Those who know Dave,

are aware that his tremendous collection carries a **theme of " 2 door coupes"** however Dave was so impressed with the Integrale that **he has now allowed a " 4 door"** car into the collection.

Heinrich Spreeth, a new member brought his self-restored Fulvia S3 along. The only known one in Cape Town.

The first sign of electronics **crept into Heinrich's car** in the form of an idle control mechanism not seen on S1 and S2 models.

The raised headlights were introduced to comply with new British regulations.

Wahid sneaked in with a rather beautiful Mercedes 219 as his Lancia is currently undergoing some body restoration.

John Harvey is the garage meeting coordinator and you will be hearing more from him in the next newsletter as we publish the planned events for the year.

Riaan Visser will be planning some exciting social events for the year. Please send Riaan your suggestions.
