

Newsletter

September 2008

We have extremely good response to the proposals to the changes to the Club as put forward in last months Newsletter. The committee is therefore sitting early next week to work out how these can be implemented. One thing is very clear and that is we will need more members on the committee in order make all these activities happen in a professional manner. We will therefore be actively looking for volunteers as we will not be able to make the changes without them. The idea is to have a large enough committee so that the workload can be spread evenly with each member needing to spend two or three hours a month on club affairs. So if you are prepared to assist please contact a committee member.

You will notice that this Newsletter is a bit shorter than usual. This is because I am receiving very little input from members. If you want a more interesting Newsletter you must start sending me more articles.

Jim

LAST EVENTS

Killarney Breakfast – Sunday 21st September

Our best attended event for many months. Not only measured in people but also in Lancias. We had five Fulvias with two that had been to a Club meeting before. Riaan was very relieved to make it at last in his extremely tidy brown series 2 after the dramas experienced in rebuilding the engine. We were also very excited to meet new member Waheed in his blue series 2. It is going to be very interesting to see how his rolling restoration proceeds. Julian as usual provided a fantastic breakfast very cleverly producing massive Bacon and Egg rolls that were not only easy to eat with the lack seating available but extremely tasty with his extra secret ingredients. Jenny and I unfortunately had to leave early so we missed the fun on the track later.

I must thank Julian & Phil for organizing this event so well that I could relax and do some socializing for a change.

Jim

FORTHCOMING EVENTS

Garage Meeting – The Baldwin Garage - 2.30pm Saturday 4th October

It appears that several members would like some assistance in learning how to access the web site and how to use the new Forum. We will therefore have sufficient computers available to give individual hands on experience to those that need it. Don't be put off if you are an experienced user as there will be plenty of other things happening to keep you interested.

If you need directions contact Jim on 021 557 1266 or 082 622 8677

LANCIAS ON THE MOVE

Two more of Peters cars have moved on. Fortunately Phil has taken on the 1.6 Fulvia so that it will be staying not only in the country but in the Club. He has already spent some hours on tidying it up and managed a couple of laps at Killarney. The Lambda sale has almost been finalized and it will soon be going back to its birthplace in Italy.

THE SEILER GARAGE

Phil was up in Jo'burg again and this time managed to visit Tony Seiler at his home and see the Lancias he has there. The one of which must be the ex-works East African Safari Fanalone.

Phil

FOR SALE

Check out website for the latest bargains.

TAILPIECE – Quote of the Month

Bobby Rahal " The driver is a vital component that must be kept in perfect adjustment just like any other part of the car "

Chris

CAPE LANCIA CLUB
